Natural Minor. The natural minor scale can be thought of as a major scale with the 3rd, 6th, and 7th notes lowered by one half step. By altering these notes we also change the intervals which make up the scale.

Lost At E Minor: For creative people

Notice the third of the major scale (C#) is one note lower in the minor scale (C). Again, flattening the third makes the scale's third a minor third interval instead of a major third.
